

### Some notes about this text:

The text to this translation was listened to from the accompanying video, scgrieben into a German textdadei and then translated into English with deepL.com. Some names unfortunately could not be researched in the net and remained open and were marked with ??? marked.

The text file was created to the best of our knowledge and with care. Nevertheless, no guarantee for correctness can be taken over.

.....

Reiner Fuellmich -  
Summary of the Corona Committee's  
findings.

Good day

My name is Reiner Füllmich and I would like to share with you the results of the work of the Berlin Corona Investigation Committee to date.

I have been a trial lawyer for 26 years in Germany and in the State of California.

We have, until the emergence of Corona and the formation of the Corona Committee by Viviane Fischer and myself in my firm, exclusively represented consumers and small and medium enterprises against global criminal corporations such as Deutsche Bank, VW, Kühne & Nagel the world's largest freight forwarder, legally represent.

This changed after a virus previously described as harmless was suddenly declared the cause of a worldwide pandemic in March 2020 and the world was overrun with lockdowns, socially distancinh sink and a masking requirement as well as mass PCR tests and alleged vaccinations for completely healthy people.

A comprehensible explanation for this was never given.

Instead, on the part of the governments and the mainstream media, only panic was spread, several leaked internal papers of the ministries of the interior of the various countries prove the targeted scaremongering.

This happened in the world always only dauerfeuermäßig and always almost word-same on the alleged dangerousness of the alleged new virus was pointed out.

To make these horror stories credible, horror pictures from Bergamo in Italy and New York, among other places, were used to suggest to everyone that there was every reason to panic. In the meantime we know, that I can anticipate that is in any case up

to the beginning of the inoculations, the so-called vaccinations nowhere an Übersterblichkeit gave. The horror stories were partly staged and were also based on gross medical malpractice.

In view of this chaotic situation, which suddenly appeared as if on command, the colleagues Viviane Fischer and I founded the Corona Committee together with two other lawyer colleagues in Berlin on July 10, 2020, in order to get answers to the questions on which our federal government was not prepared to give us answers for reasons unknown at that time.

We wanted to know how dangerous the virus really is, how reliable is the PCR test developed by the German Professor Drosten and recommended worldwide by the WHO for detecting infections, and how much economic and health damage is caused by the anti-corona measures.

First of all, I would like to give a summary of the results of the work of the Corona Committee so far.

Since 10/7/2020, we have on these questions: how dangerous is the virus, how reliable is the PCR test, and how much damage is caused by the anti corona measures.

About 150 distinguished scientists and experts from all over the world and from all disciplines such as health, law, economics, psychology, psychiatry listened.

Among them are Doctor Mike Yeadon, former Vice President of Pfizer, Professor Luc Montanier, Nobel Prize winner from France, Kathrien ???investment banker and former Deputy Secretary of the United States but most recently politicians such as Sue ???, member of the Sacramento County Legislature in California.

That changed after a virus previously described as harmless was suddenly declared the cause of a worldwide pandemic in March 2020, and the world was overrun with lockdowns, socially distancing and a masking requirement, as well as mass PCR tests and alleged vaccinations for completely healthy people.

A comprehensible explanation for this was never given.

Instead, on the part of the governments and the mainstream media was spread targeted exclusively panic, several leaked internal papers of the ministries of the interior of the various countries prove the targeted scaremongering.

This happened in the world always only permanently firing and always almost word for word on the alleged dangerousness of the alleged new virus pointed out.

To make these horror stories credible, horror pictures from Bergamo, Italy, and New York, among other places, were used to suggest to everyone that there was every reason to panic. In the meantime we know, that I can anticipate that is in any case up to the beginning of the inoculations, the so-called vaccinations nowhere an Übersterblichkeit gave. The horror stories were partly staged and were also based on gross medical malpractice.

In view of this chaotic situation, which suddenly appeared as if on command, the colleagues Viviane Fischer and I, together with two other lawyer colleagues, founded the Corona Committee in Berlin on 10 July 2020 in order to get answers to the questions to which our federal government was not prepared to give us answers for reasons that were not yet known at that time.

We wanted to know how dangerous the virus really is, how reliable the PCR test developed by the German Professor Drosten and recommended worldwide by the WHO is for detecting infections, and how much economic and health damage is caused by the anti-corona measures.

First of all, I would like to give a summary overview of the results of the Corona Committee's work so far.

Since 10/7/2020, we have listened to about 150 distinguished scientists and experts from all over the world and from all disciplines such as health, law, economics, psychology, psychiatry, on these questions: how dangerous is the virus, how reliable is the PCR test and how much damage is caused by the anti Corona measures.

Among them are Doctor Mike Yeadon, former vice-president of Pfizer, Professor Luc Montanieri, Nobel Prize winner from France, Kathrien ???investment banker and former Deputy Secretary of the United States but most recently politicians such as Sue ???, member of the Sacramento County Legislature in California.

If someone had predicted to me a year and a half ago the result of the Corona Committee's work so far, which is only summarized here, I would have advised him to take his pills and see his doctor, but our hearings prove this result beyond any reasonable doubt.

1. at no time is Corona about health, because we do not have a pandemic, but there is a virus circulating that is fought by any intact human immune system in the same way as the flu, and this is true even if the virus is not natural, but artificial.

Apart from that there are very good alternative cures to prevent or treat this disease like vitamin C and D, zinc, possibly even ivermectin and others.

2) Our governments, or at least almost all European governments, as well as those of the USA, are not acting in the best interest of their people, but are largely under the control of the backers of the global corporations and NGOs which are summarized by Kathreen ??? aptly called "Mr. Global". This designation also I use here for the backers of this probably largest crime against the humanity, which the world saw ever.

How did we come to this conclusion?

Well, Corona has a backstory for each of us. For me, it looks like this. Long before Corona came on the scene, colleagues in my firm and I had the distinct feeling time and again in our work in the German courts that something was wrong. Global corporations such as, the aforementioned Deutsche Bank, VW and Kühne & Nagel seemed to be above the law almost everywhere, almost everywhere in the German courts because, for example, Deutsche Bank is sweepingly regarded by politicians as systemically important and thus in effect given special protection, or simply because, like VW, it is the largest employer in the state of Lower Saxony.

The suspicion that the German judiciary is so influenced by politics that it is no longer capable of applying the applicable law to such corporations and uncovering their fraud by way of taking evidence has grown ever stronger.

The phrase: "You hang the small ones, you let the big ones, who are supposedly "To Big to Fail", go", corresponds to reality.

Based on the behavior of the German judiciary in the Corona cases, it is now clear to us without any doubt that this is indeed the case!

German judges, who do not decide on the Corona -panic line of the government or the "Mr. Global" controlling them, but on the basis of the applicable law, who are not only put under pressure behind the scenes, but it is for everyone visibly with the arbitrarily brutal methods of an anti-democratic, yes totalitarian regime politically hehen them proceeded. This is obviously done to prevent them from applying the law and thus questioning the government line. The dramatic example of a judge in Weimar and the expert witnesses he called in proves the point.

He had also taken the advice of a mother of two children that her children were suffering severe psychological and physical damage from wearing masks "Social Distancing" and the PCR test free experts to provide expert opinions. All three are respected professors at German universities. All three have not been previously reprimanded by these universities in any way in any word form for anything. On the basis of the expertises he had ordered on 8.4.2021 that the school and the school management had to stop all such measures immediately. Because with the help of the expertises he had determined that the measures were on the one hand without any actual basis because the PCR test invented by the controversial professor Drosten is neither certified for diagnostic purposes, (It is not even certified...), but only for scientific purposes and it can say contrary to the assertions of professor Drosten also actually under no circumstances anything about infections.

In addition, the Weimar judge found that these measures cause serious damage to the health of the children, the long-term consequences of which are incalculable. A few weeks after the decision, due to political pressure, his house, office and car were searched and his computer and cell phone were confiscated because he was accused of a crime.

The specific accusation is not that his decision was wrong, it still stands unchallenged, in the finding that a PCR test can not detect infection had previously been made by an appellate court in Portugal and an administrative court in Austria with very good scientific justifications.

The accusation is that he was not factually responsible for the decision of the case as a family judge, but had arrogated this responsibility to himself.

Actually, an administrative court had been competent.

In the meantime, several higher regional courts have confirmed that in such cases of endangerment of the child's welfare, the family court must of course intervene and not the administrative court. In parallel, such searches and seizures were also carried out at the three experts of the lawyers who had supported the children and a popular artist who is friends with the judge.

Shortly thereafter, such searches and seizures were also carried out at other respected professors. This professor was one of the world's best-known experts on vaccinations and vaccines, who was critical of the efficacy and danger of the injection, which was not backed up by scientific studies, but was currently being tested on humans.

How could it come so far? Concretely, how does it come that the policy in Germany and in other countries under largest injury of the Roman - legal principle "Audiatur et altera pars" - (hear also the other side) with hilfe of exclusively government propaganda spreading and each deviating opinion sweepingly as right, right Fi Nazi, Nazi denigrating mainstream media without each actual basis anti Corona measures ever more sharply intersperses. Meanwhile, "Mr. Global" and his political puppets are calling for duration - lockdowns, first corona lockdowns then climate lockdowns and the use of untested alleged vaccines not just once, but regularly recurring, every six Mpnats. In some countries this is already a reality. The answer to this I will give you below based on the expert hearing of the Corona Committee, by first reporting the facts about the dangerousness of the virus and the reliability of the PCR test, as well as the health and economic damage caused by the measures, whereby the economic damage hardly needs to be mentioned, because it is obvious to everyone, especially to the middle class,

So, then I explain which plans "Mr. Globsl" openly pursue among other things from the written and verbal statements for example of the founder of the World Economic Forum Klaus Schwab and the Microsoft founder Bill Gates, while they distract the population from this with the help of the Corona Pandemic. And finally, I explain how We the People can reclaim our sovereignty and the wealth taken from us by "Mr. Global" over decades.

First, Corona was not about health at any point!

The virus is no more dangerous than the flu. There is evidence that the original virus allegedly first detected in Wuhan may have been artificially produced at the Wuhan Institute, in the spirit of so-called "Game of Function" experiments used to create bio-weapons.

Among others, the US immunologist Dr. Fauci and the German virologist Professor Dr. Drosten were significantly involved in such Game of Function experiments.

In any case, this much is certain: the original virus has long since ceased to exist. In fact, as with any flu virus, various variants or mutations have been documented which, although they may spread more quickly, are all far less dangerous than the original virus, which is hardly dangerous anyway.

In addition, there are considerable doubts that the virus was ever isolated scientifically correctly. Many scientists assume the flu virus or Influenza A or B of "Mr. Global" was merely relabeled to a Corona virus pandemic. In the end, however, none of this matters. Because the question about the dangerousness of the virus, no matter whether it was produced artificially or partly artificially or whether it is of natural origin, is easy to answer. In the meantime, even the highly controversial WHO, which is in fact controlled by its largest donors, including the Bill & Melinda

Gates Foundation and its offshoot "Gavi", which together have a stake in almost all vaccine manufacturers in the world, agrees with Professor John Johannidis of Stanford University, one of the most quoted scientists in the world on the dangerousness of the virus, with a so-called infection mortality rate of 0.14-0.15% at most that of influenza.

Before the beginning of the so-called vaccination there was no excess mortality worldwide.

As far as there were isolated mortality increases, for example in Bergamo Italy and in New York, these are explained with massive wrong treatment.

In Bergamo predominantly very old humans in old people's homes with Vorerkrankung had died, whose immune systems had been weakened before by inoculations and then one had around the hospitals for the panic-like expected Coronakranken, which never came then, ill ones there among other things also flu ill ones into the old people's homes transferred. These had infected there the weakened humans.

In addition, the WHO with ????, a man in the Italian Ministry of Health had installed, which had falsified the data of the Pandemie exercise sheets. The last pandemic exercise had not taken place in 2016 but in 2006, so that the medical profession was unprepared. In the meantime, the man is no longer in the Ministry of the Interior of Health in Italy, but the Italian prosecutor's office is investigating him.

In New York every year during flu epidemics, only some but by no means all clinics were overcrowded. On the hospital ship COMFORT with 1000 beds 20 or 40 beds were occupied maximally many also in New York predominantly older before-damaged humans those without the panic message in the correct assumption of a flu or a flu-similar illness ill at home tried would have stormed the hospitals and fell there to a large part on the one hand hospital germs and on the other hand massive Faöschbehandlung to the victim, by it for example by Intubation instead of oxygen masks were treated and clearly too high dosage of Hydroxychloroquin or with other dangerous medicines in the meantime due to the statements of many physicians determined.

Of course, those respiratory diseases that have recently been designated as Covid 19 simply because of an unfit test are, like influenza, a dangerous disease. No one doubts that. And of course, Covid 19, just like seasonal influenza, can cause some serious illnesses and even deaths.

Typically, however, the immune system intercepts the virus and especially the highly toxic spike protein in the mouth and nasal cavity. It becomes dangerous when the immune system is bypassed and the highly toxic spike protein and other particles such as mRNA lipids and other nanoparticles are injected directly into the body. As in any case in the meantime in Germany accomplished autopsies proved, the alleged Covid - death victims before beginning of the inoculations with few from exceptions all exactly like in Italy the average human life expectancy left behind itself and or suffered from other serious Vorerkrankung.

Almost none of the autopsied people who allegedly died of covid actually died of covid. 96% of the alleged covid deaths in New York and Bergamo and 85% of the

alleged covid deaths in Sweden died of completely different diseases.

To the invention of the Corona pandemic. What is behind it?

Among other things due to the statements of two former WHO coworkers and advisors in addition, the statements of historians and Investigativ - journalists as well as scientists, we can understand the following chronology. concrete planning for the Corona Pandemie are provable for at least ten years. The Corona - Pandemie a pandemic concretely planned by "Mr. Global" for at least ten years. Previously, in 2009, an attempt by "Mr. Global" to turn swine flu into a pandemic failed at the last second. In particular because the lung specialist Doctor Wolfgang Wodarg, who at that time had political power as a member of the Bundestag and the European Council, had exposed that pandemic as a mild flu.

At that time, by the way, the WHO had changed the definition of a pandemic overnight, so that today every flu can be declared a pandemic.

Until then, a pandemic was considered to be a worldwide disease event with many serious illnesses and deaths. Suddenly it should only be a worldwide disease event without many severe illnesses and many deaths. Due to this completely surprising and never explained change in definition, the WHO, which is closely linked to the global pharmaceutical industry, was able to declare swine flu a pandemic in 2009. The consequence of this was that expensive vaccines were produced and sold worldwide on the basis of contracts that have been kept secret to this day.

These vaccines proved but not only as superfluous, because the swine flu against all horror - announcements, from the pharmaceutical industry and her close universities, allegedly threatened even then millions of deaths worldwide, if not vaccinated, had finally proven to be a mild flu.

But they also led to severe health problems.

Around 1300 children in Europe, particularly in the Scandinavian countries, are incurably ill with narcolepsy and are therefore severely disabled today.

Long before the swine flu pandemic, however, dozens of patents on the coronavirus including the spike protein but also on the so-called vaccines had already been registered by the end of 2019 long before the pandemic, many years before.

Even before the outbreak of the alleged corona pandemic, American scientists explicitly advertised investments in corona - vaccines to potential investors.

The final exercise for the Corona pandemic specifically rolled out from March 2020 miLockdowns, social distancing, mask coercion and finally so-called vaccination took place in October 20 2019 in New York under the title 2Event201.

The Bill and Melinda Gates Foundation, World Economic Forum and Johns Hopkins Center fpt Health Security were involved.

Shortly thereafter, the first outbreak of what is now known as Covid19 reportedly occurred in Wuhan China due to an alleged novel coronavirus. A short time later, however, the excitement died down in China and the alleged novel disease had suddenly been brought under control.

"Mr. Global," however, used the incident in Wuhan as a springboard, so to speak, to set in motion the long-planned pandemic.

To the production of the Pandemie with the help of the Frosten PCR - test would be

world-wide all politicians and medical profession, under it also the Virologist Professor Dorsten as well as the mainstream media controlled by "Mr. Global" still the citizens calmed down and explained the virus from China would be noticed as mild flu wave by the allermeisten humans may. No special measures would have to be taken, in particular masks would be completely superfluous and pointless, Professor Drsten, whose academic background is in considerable doubt, invented a PCR test at the beginning of January with which Covid19 infection could allegedly be detected.

With two essays whose contents were spread world-wide by the WHO, he put up deliberately wrongly, as in the meantime is certain, two for the Pandemie crucial wrong statement.

First, he claimed that there are asymptomatic infections, i.e. that everyone should be afraid of every asymptomatic healthy person because he could be infected with Covid 19 and be contagious.

And secondly, he claimed that his PCR test was a gold standard for concrete contagious infection with Covid 19.

For the detection of such infection, his test is a gold standard.

Asymptomatic infections with respiratory viruses, such as influenza or Corona, do not exist, as most recently proven by a study conducted with 10 million subjects in Wuhan at the end of 2020, and as Drosten also knew when he published this.

And the PCR test invented by Nobel laureate Kary Mullis is neither approved, licensed nor suitable for diagnostic purposes.

Could be that it is at least suitable, even if it is not approved. But this is not the case. Because it cannot distinguish between living and dead virus fragments and therefore tests positive for the fragments of a virus left over from the immune system's fight against a long-passed flu or cold.

In particular, the test cannot determine whether a whole virus (fragments are not enough anyway) has entered the cells and is replicating there.

Drosten knew all this and had accordingly also six years before in a newspaper interview concerning the m?? virus, which is another Corona virus, expressly explained that a positive test has no meaning, but also completely healthy people can be tested positively.

Again, symptomless people are in fact perfectly healthy.

Practically over night, for reasons which are so far not completely cleared up however an involuntary early start for this Plandemie (planned Pandemie) suggest, Mr. Global over the WHO the politicians and the mainstream media suddenly changed its opinion. "Mr. Global exerted pressure on the WHO to declare a Public Health Emergency on Internal Concern as soon as possible.

According to the freely invented rules of the WHO, only such an international health emergency can be a basis for the use of new drugs tested with non-medical studies, in this case so-called vaccines, on humans. Without an emergency, no untested drugs may be used on humans. Usually, the development and approval of a new drug takes at least 8-10 years, sometimes much longer. At the first emergency meeting of the

WHO in February 2020, the participants could not agree on the declaration of this Public Health Emergency of international concern, despite the pressure exerted on them, because there were no cases. In Wuhan, everything had been settled long ago.

One agreed because of the allegedly nevertheless highly dangerous situation, panic was made further in 14 days again to meet. At the second emergency meeting, the Fake Public Health Emergency of international concern was actually declared.

But what had changed? Nothing, nothing had changed!

However, Professor Drsten had made his PCR test available to the WHO. And with the help of this test, the cases required for the fake, for the Public Health Emergency of international Concern, had been "created" in the truest sense of the word. I will now explain why.

Today, it must be assumed that it was only completely meaningless false positive test results, on which the announcement of the fFake and subsequently all anti-corona measures were based.

First of all, a PCR test per se cannot detect contagious infections under any circumstances, as explained above, but above all Drosten had set up his test in such a way that it almost had to generate false positives.

Because, the machine with the help of which the results of the test are evaluated, in which the smears are placed, enlarges the molecules that are not visible to the human eye in 4 cycles. This goes then 2, 4, 8, 16 ...etc. In the meantime, however, there is a consensus that everything from 24 cycles, which is already in the billion-fold magnification range, is completely unscientific and therefore useless.

The Frankfurt health department therefore does not consider test results of more than 24 cycles at all. And Doctor Mike Yeadon, former vice president of Pfizer has declared in agreement with Doctor Fauci from the USA, that from 35 cycles at least 97 % false positive tests are made.

In the Drosten test, which served as a blueprint for the vast majority of subsequent tests worldwide, 45 cycles were planned and used.

It follows now, always accompanied by panic orchestra of the mainstream - media and the

and the very most politicians, in quick succession the anti corona measures like the shortly before in China invented Lockdown, SocialDistanzing, the mask compulsion and finally the so-called vaccination.

With these alleged inoculations it concerns in truth gene-therapeutic experiments at the however unsuspecting, because so far not enlightened humans. It must be emphasized at this point that every invasive medical intervention is a bodily injury, unless the patient expressly consents.

And his consent is ineffective if he is not informed correctly and completely and thus also about the missing study basis and the numerous very serious side effects that have become known in the meantime.

Informed consent, this concept of informed consent is the most important result of the Nuremberg medical trials of 1946, because one wanted to prevent finally for all times that the crimes of worst experiments on humans, which were carried out at that time,

could ever take place again! Exactly these by way of the deception as inoculations, proven injection with materials before with scientific studies on their effectiveness and their danger had not been tested, had been however from the outset the goal of "Mr, Global".

The intermediate steps ordered after the proclamation of the fake, i.e. after the proclamation of the international health emergency, namely lockdowns, social distancing and forced masks, served solely to make the population believe in a danger that did not exist, to unsettle and disorient them and, above all, to make them so compliant that they would finally consent to the alleged vaccinations as the only means of obtaining protection or immunity from or against the disease.

There is no reason for this vaccination because, as stated above, there is no Corona Pandemic at all, only a "PCR Test Pandemic".

Apart from that, there are highly effective and completely harmless alternative preventive~ and curative methods, as oven outlined.

Even worse, vaccinations are completely ineffective, as the particularly dramatic example of Israel shows. There 86% of the people treated in the hospitals because of Covid are double vaccinated. The vaccinations are highly dangerous!

Through a whistleblower it has become known that the number of deaths after vaccination in the USA has been falsified in one of the registration registers and conservatively estimated, there have been at least 500,000 deaths after vaccination since the beginning of the vaccination. In addition, there are other serious side effects, such as neurological deficits, thrombosis, myocarditis and many others. For the fall, winter and the coming spring, experts expect severe problems for the vaccinated when they encounter the so-called wild virus in the form of a cold or flu virus, among other things because of A.D.E. Kingstorm autoimmune disease and more severe thrombosis cases.

Because the immune system is damaged by these vaccinations!

Not only each subsequent vaccination damages it more, but also the contact with the so-called wild virus.

All, the meanwhile occurred massive side effects were known in the American CBC long before the beginning of the vaccination!

Worse still! As in the meantime admits contents, both at the EMA, the European medicine agency submitted manufacturer - documents, and the secretly held contracts of the manufacturers with the national states prove, the manufacturers do NOT know whether their so-called "vaccine "is effective.

Nor do they know whether it is dangerous or harmless.

But they demand immunity from the nation-states in the event that a claim is made against them for vaccine damage. And they also demand, in case there are alternative cures, explicitly the vaccines would make such alternative cures completely obsolete, that their experimental products would still be accepted.

Finally to the plans of "Mr. Global" and the controlled politicians and how they can be prevented.

Amazingly, anyone can read what "Mr. Global" and his puppets like Klaus Schwab,

the founder of the World Economic Forum, or Bill Gates, the founder of Microsoft and the world's largest vaccine investor, are all about.

Bill Gates has been talking for many years, following his father who was a convinced eugenicist, about the need to dramatically reduce the world population. For years he has been in the headlines again and again because he used alleged vaccines in Africa and India, which in reality led to the sterilization of women and young girls. In the same direction Klaus Schwab expresses himself among other things in his book "The Great Reset" and demands beyond that, supported by the way among other things by the current pope, a world government under the UNO brought in the meantime by the WWF under control. This is to be reached by as much as possible world-wide chaos in the form of Pandemien, wars, also civil wars and natural disasters, so that the world population wins the conviction that the national governments are overtaxed and only a world government can help.

At the same time Schwab demands the shift of all fortunes on "Mr. Global" so that in 2030 nobody, except of course "Mr. Global", still calls something his property but will be supposedly happy with it.

In addition and this a central component in the strategy of "Mr. Global", the cash is to be abolished and replaced by a digital currency by only one central world bank each humans on the world, which can be found over various trekking systems at any time everywhere, assigned or also withdrawn can.

Quite obviously therefore, this is in particular the opinion of the psychologists and psychiatrists, whom the Corona committee heard, we have it with "Mr. Global" and its puppets with psychopaths and sociopaths to do.

he WWF, invented by Klaus Schwab in 1971, has incidentally been training "Mr. Global" since 1992 with the help of the Young Global Leader program, its own puppets. Among others, Angela Merkel and Bill Gates studied in the first class of 1992. But also a large number of the current leading politicians, mostly weak personalities with, however, mostly halfway well-trained rhetorical skills, come from this program, including Macron from France, Kurz in Austria, Justin Trudeau in Canada, Jacinda Ardern in New Zealand, but also the German Health Minister Jens Spahn and the EU Commission Head in Ursula von der Leyen. Against this background, which is being recognized by more and more people, very large legal disputes have been initiated or are currently being initiated in India, South Africa, the USA, Canada and France, among other places, with the aim of holding those responsible accountable under civil and criminal law.

In addition also, that not only since Corona, but already for decades by "Mr. Global" and the global company and NGO`s controlled by it the values of the world population withdrawn, in the way of the payment of damages are fetched back. As far as it does not concern anyway clear criminal action, like the damage developed by the staged Corona Pandemie, but contracts to reason lie, these might be all void.

In particular, Anglo-American law, with its provisions on damages in cases of intentional immoral harm, including the possibility of punitive damages, provides the tools also for expropriation of the tortfeasors, if the preconditions for damages,

including punitive damages, are established.

In Portugal, Austria and Germany, outstandingly well-founded court decisions have been issued, which state that the completely unsuitable Drsten PCR test cannot be a basis for any measures.

The Berlin Corona Committee already has extremely incriminating evidence which proves that this was never about health.

Rather "Mr. Global" pursues with the measures exclusively these goals:

Destruction of the regional economy to make the population dependent on global supply chains of "Mr. Global",

Shifting the wealth of the world's population from the bottom to the top, to the super-rich, becoming to "Mr. Global",

Population reduction, also better described as genocide, as well as the attainment of complete control by "Mr. Global" over the remaining population and installation of a world government under the UN, which is in the meantime under control of the WWF.

Here, one may emphasize again, megalomaniac psychopaths and sociopaths are at work, which should have been stopped already for a very long time. But now the time for this has come.

More and more people around the world are waking up and recognizing who is pursuing what goals here with this "Plandemie".

Even if the mainstream media hide it, hundreds of thousands of people are taking to the streets all over the world, including London England Berlin Germany but also Australia, Brazil etc. More and more, also active politicians and lawyers, physicians as well as employees of the public service also policemen refuse. They do not want to be involved in this crime against humanity.

But besides our legal and our educational efforts, there is a third level, namely the spiritual or religious or cosmic level, call it what you will.

And this level is crucial from our point of view!

This is also shown by the story that a German doctor told us recently in the Corona Committee. He wanted to draw money from an ATM and went to the vestibule of a bank for this purpose. There stood an elderly woman wearing a mask, who fearfully backed away from him because he was not wearing a mask.

She said he had to wear a mask, because otherwise she was afraid to infect her husband. The doctor explained to her, no, you don't have to be afraid! And then he went up to her, took off her mask and hugged her.

The woman began to cry and said that no one had held her for more than a year.

That's what it's all about, humanity versus inhumanity.

We are human, we can laugh, cry, sing, dance and hug.

The other side, "Mr. Global" and his puppets can't.

It can only fake feelings and has no empathy at all.

Because the other side has no access to the spiritual side.

The Constitution of the United States of America begins with the words, "We are the people" and when the wall between East and West Berlin fell 33 years ago, it was the cry of the East German people: "We are the people" that brought it down. The house of cards of "Mr. Global" will collapse in the same way.

Without any doubt, "Mr. Global" n and his puppets will lose this war of good against evil. They will not win their insane war against life, because there is no other way!
